

EU-RESPOND

Survey on Thoracic Ultrasound Education in Europe

8-10 minutes to complete

Respiratory specialist or physicians in training

Current training state and future needs

WHAT IS EU-RESPOND?

A European survey exploring how thoracic ultrasound is taught, supervised and used in respiratory medicine. We aim to map current practices and identify priorities for future training across Europe.

THIS SURVEY EXPLORES

- Training organisation & supervision
- Clinical exposure & confidence
- Equipment & image archiving
- Barriers and educational needs

WHY YOUR RESPONSE MATTERS

For all levels: Trainees, specialists, supervisors & allied health.

Make a difference: Broad participation ensures national differences shape future European training guidelines!

EU-RESPOND STUDY TEAM

Wytze de Boer, the Netherlands

Carlijn Veldman, the Netherlands

Pia Iben Pietersen, Denmark

Pernilla Borggaard, Denmark

Maged Hassan, Egypt

Contact: Wytze de Boer, MD, PhD.

Pulmonologist | Isala, Zwolle, the Netherlands

Researcher | UMCG, Groningen, the Netherlands
